

Operation certificate

All these composite insulators in following form supplied by Jiangsu Shenma Electric CO.,Ltd. are applied in East Shore of Xiluodu-Zhejiang Jinhua 800kV UHV DC Transmission Project in Zhejiang Jinhua Converter Station and Yibin Shuanglong Converter Station.

Converter Station	Equipment	Product Type	Voltage	Qty
Zhejiang Jinhua Converter Station, Yibin Shuanglong Converter Station	DC Post Composite Insulator	Post Composite Insulator	800kV DC	67 pieces
		Post Composite Insulator	400kV DC	114 pieces
		Post Composite Insulator	200kV DC	20 pieces
		Post Composite Insulator	166.7kV DC	109 pieces
	GIS	Gas Insulated Composite Bushing	500kV AC	60 pieces
	Suspension Composite Insulator	Suspension Composite Insulator	800kV DC	392 pieces
		Suspension Composite Insulator	200~800kV AC	127 pieces
Yibin Shuanglong Converter Station	Smoothing Reactor	Post Composite Insulator	800kV DC	74 pillars
Zhejiang Jinhua Converter Station		Post Composite Insulator	800kV DC	12 pillars

Hereby we confirm,

By the date of July 3, 2014, this substation is officially launched and all the composite products operate normally.
